## ABOUT TOUAX:

Founded in 1898 and listed on the Paris stock exchange since 1906, TOUAX puts its know-how and expertise in modular construction and sustainable transport to work for its customers. TOUAX has been involved in modular construction since its beginnings in the 1970s, more than fifty years ago, and today operates one of the few world-class production plants that is triple certified for quality, safety and the environment using Lean Six Sigma methodologies, enabling it to meet its customers' needs for all their projects, particularly those requiring high performance.

## OUR PROMISE:

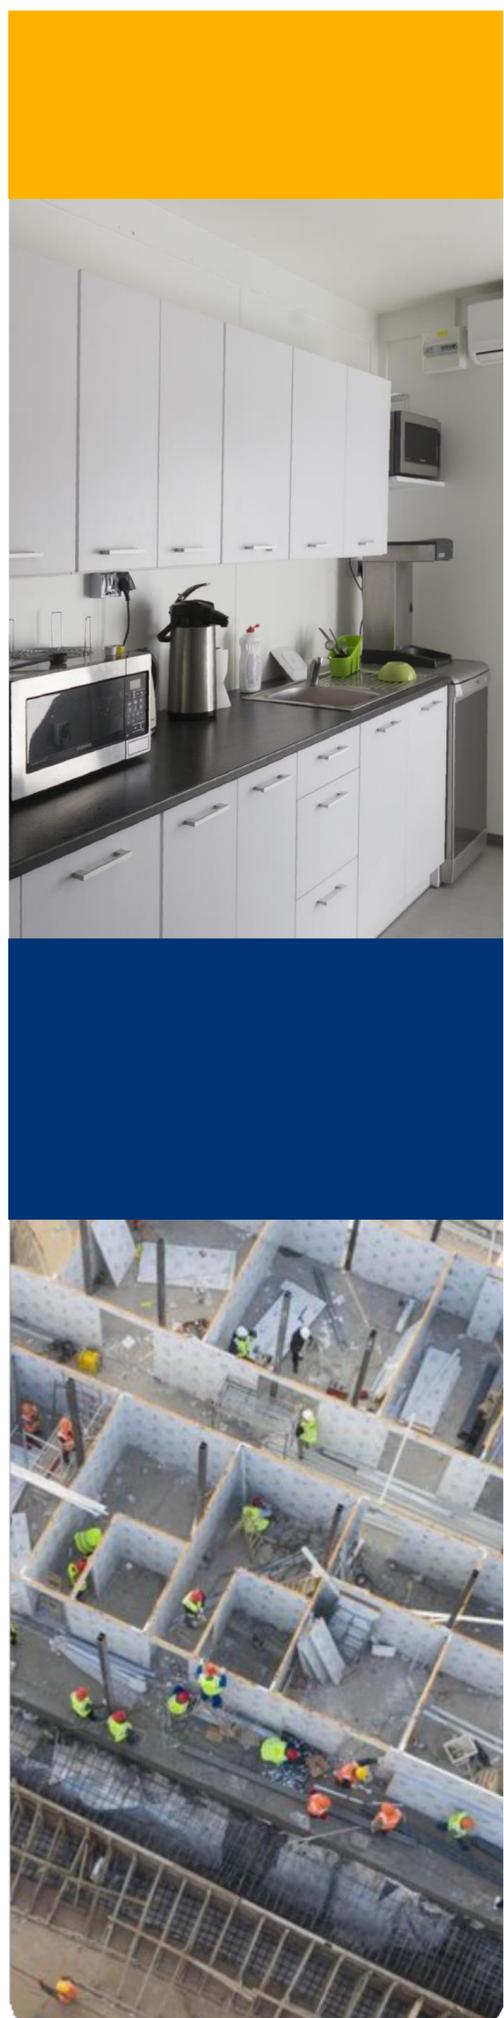

At Touax, our promise is to offer you an alternative to traditional construction by providing you with a better quality turnkey building solution, at a lower cost and with much shorter lead times, so that you can get on with it more quickly and without worrying about completion.

## BENEFITS AND CERTIFICATIONS:

Our "StayFlex" range stands out for its flexibility when it comes to layout. We understand that every space has unique requirements, which is why our modular buildings are designed to be configured to precise standards to meet your needs. Thanks to our expertise in modular construction, we can deliver functional spaces quickly, reducing fit-out times and allowing you to get up and running without delay.

At Touax, we believe in the importance of reflecting your corporate identity and culture in every space. Our "StayFlex" range offers customisable modular solutions that allow you to create a space that reflects your image. Our designs are optimised to maximise the use of space. Every nook and cranny of our solutions is designed to meet your needs while promoting an optimal experience.

Quality is at the heart of everything we do. Our triple-certified factory is proof of our commitment to excellence and customer satisfaction. The international standards we adhere to guarantee the safety, quality and durability of our modular solutions. We pride ourselves on providing spaces that meet the highest standards, while reflecting our commitment to a sustainable future.
